

Land North of Horsham Development

29th March 2021

Dear Neighbour

A264 WORKS NOTIFICATION – Lane Closures

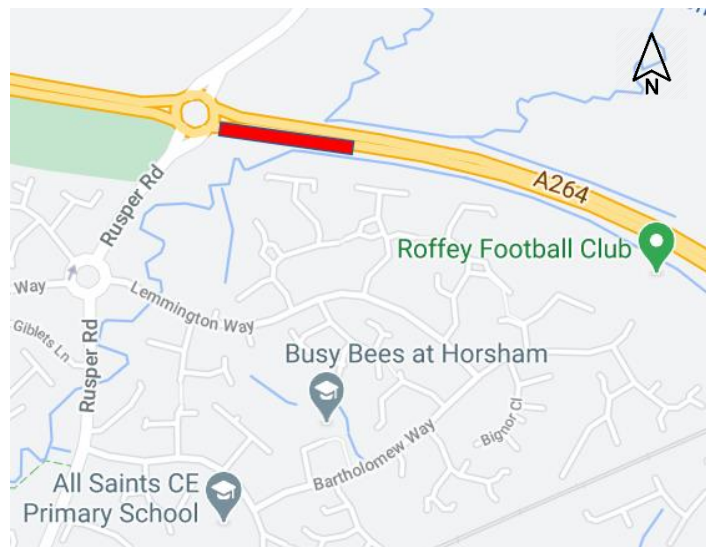

Following on from Legal & General’s recent communication about the planned lane closure to support the A264 pedestrian/cycle bridge installation later on this year, WSP has appointed a contractor to carry out ground investigation works in the same area as the vegetation clearance. WSP are the transport consultants supporting Legal & General with the Land North of Horsham development.

For the safety of WSP’s operatives and to facilitate the ground investigation, an additional lane closure is required along the south side of the A264 heading east from the Rusper Road roundabout. This will follow on from NATTA’s 2-day closure on 15th and 16th April.

The ground investigation team will require a lane closure between **19th and 23rd April for 24 hours per day**. This work programme is shown below.

The clearance works are dependent on an ecologist inspection to ensure that the works do not disturb any nesting wildlife and dormice and a licence has been obtained from Natural England for the works as well.

Traffic Management	Dates	Purpose
Lane closure on south side of the A264 heading east from Rusper Road (as shown on map)	15 th – 16 th April 24 hours per day	Stage 2 vegetation clearance for bridge installation – NATTA
Lane closure on south side of the A264 heading east from Rusper Road (as shown on map)	19 th – 23 rd April 24 hours per day	Ground investigations – WSP

We apologise for any disruption caused. We encourage residents and interested parties to sign up to the Land North of Horsham mailing list for regular updates via www.landnorthofhorsham.co.uk.

Thank you for your patience and understanding whilst these works take place. Please do not hesitate to contact us or the Land North of Horsham team if you have any questions.

Yours

Jimmy Barrett-Thorne
WSP
